

Hi, I'm Jennifer Scott and I've been a member of Pride and Kentucky for almost 4 years. I sing tenor!

What attracted you to the chorus: I was looking for something to do. I enjoy singing and didn't have a way to do that. I don't belong to a church and don't read music well, so couldn't audition for other groups with that requirement. I liked the sense of family with this choir on my first visit especially how we do the circle up at the end of rehearsal.

What do you like about being a member: I get to sing with great people! I love singing in a chorus and the great spirit of family everyone has.

What do you do outside the chorus (job, family): Team Lead at Mercer, Big Sister for Big Brothers and Big Sisters of Kentuckiana, spend time with my family, especially my niece and nephews

How do you balance life/chorus: I'm learning how to do that! I have to make sure I don't spread myself too thin so I'm conscious of the things I commit to. I put the chorus first after my job and family and I love that we are encouraged to do that. Chorus is a release though so it's kind of become just part of my life.

What would tell others who think they couldn't manage to find time for membership: it doesn't require a lot of time. If it's something you really love, the time will come. So it's not about having time but making the time. I learn all my music in the car from the learning tracks. Occasionally I'll need to look at the music at home but the car really works for me.

What keeps you as a member: I've said this a lot but just the family feeling I have with the chorus. I love singing, but I am busy. If it wasn't fun and if I didn't have that feeling of community, I wouldn't stay.

What would you tell others about your experience as a member: I have learned a lot and had a lot of fun. I continue to enjoy being part of the chorus. While it does take time, it's a great way to spend it.
